Connect WISE USB a

Instructions for Use

07/09/2017

Application area
USB dongle that is used together with the hand-held terminal TuneWISE. Connect WISE-USB enables you to create a radio interface between the hand-held terminal TuneWISE, to products within Swegon’s indoor climate system WISE.

General
All relevant personnel must acquaint themselves with these instructions before beginning work. Any damages to the product or parts of it due to improper handling cannot be considered subject to warranty if this instruction has not been followed correctly. For further information about the WISE, see the relevant documentation at www.swegon.com

The packaging contains the following items:
1 x Connect WISE-USB
1 x Instructions for use

Safety
Only service personnel trained by Swegon may perform actions in connection with the installation of products with the system.

Installation
Check to make sure that the product does not have any visible defects. Install in the USB-port on TuneWISE, see figure 1.

Use
Insert Connect WISE-USB in TuneWISE. Commissioning must be performed by qualified and trained WISE service engineers.

Trouble shooting
Make sure that the product is correctly inserted in TuneWISE.

Cleaning
If necessary, use a dry cloth when cleaning. Never use water, detergent, cleaning solvent or a vacuum cleaner.

Service/maintenance
If you suspect that the product has some defect, please contact Swegon.

Disposal
Must be handled according to local regulations.

Warranty
The warranty or service agreement will not be in effect/will not be extended if: (1) the product is repaired, modified or changed, unless such repair, modification or change has been approved by Swegon AB; or (2) the serial number on the product has been made illegible or is missing.
