

Issue no 1

Date of latest amendment 2005-05-30

General

Product/product group: Circular attenuator/ Acoustics

Designation: SORDO a -100

Manufacturer: SWEGON AB, Sweden

Company Reg. No: 556077-8465

Contact (telephone, fax, e-mail): Martin Bergström, Telephone:+46 570 844 40, Fax:+46 570 175 40, E-mail:martin.bergstrom@swegon.se

Information about the manufacturer

Quality assurance system established yes ☒ no ☐

System secured by: ISO 9001 certification ☒ Other system ☐

Environmental policy established by company management yes ☒ no ☐

Company affiliated to ICC trade/industry programme yes ☒ no ☐

Company EMAS registered yes ☐ no ☒

Environmental management system established yes ☒ no ☐

System is secured by: ISO 14001 certification ☒ Other system ☐

Company works with Life Cycle Analysis (LCA) yes ☒ no ☐

Other details about internal environment work: LCA is among other things shown as a yearly investigation of the companies environmental aspects.

Product information

Criteria for environmental labelling of industry products is not available at present

Recommended area of application is outlined in the technical documentation yes ☒ no ☐

There is clear and responsibly applied labelling on the product/product group (manufacturer, product designation etc) yes ☒ no ☐

The labelling is linked to the technical documentation so that the product can be clearly identified yes ☒ no ☐

Other labelling or certification:

1 Constituent materials

Details refer to standard products, therefore there may be some deviation depending on choice of variant, accessories etc.

Substance	Proportion	Recycled material	Re-usable material	Recyclable material	Energy recoverable material	For disposal
Insulation, Stonewool	26%	10%	95%	97%	3%	
Rubber EPDM	<1%					
Polyester Nonwoven	<1					

Substance	Proportion	Recycled material	Re-usable material	Recyclable material	Energy recoverable material	For disposal
Galvanized steel sheet	73%	20%		100%		
Plastic, Polyeten	<1%					
Putty, Polyureta(sikaflex 521)	<1%					

Comments on the table: Material declaration is based on SORDO a 250-600-100. The table is not complete concerning shares of recycled material and recyclable material.

Manufacturer specifies requirements for environmental declarations, or equivalent from the supplier yes ☒ no ☐

Manufacturer specifies requirements for product information sheets in accordance with Sweden's Chemical Products Act (cf. ISO 110141) from the appropriate supplier of chemicals yes ☒ no ☐

The product contains more than 1 per cent by weight of a substance that appears on Sweden's Chemicals Inspectorate's Limitation and/or Observation Lists Yes, stated in table ☐ no ☒

Substances included on Sweden's Chemicals Inspectorate's Limitation and/or Observation Lists and whose proportion in the product > 1% by weight

Substance	CAS Number	Proportion of finished product

2 Production

Production plant requires permit or notification in accordance with current environmental legislation yes ☐ no ☒

Environmental report submitted annually to public authorities in accordance with current environmental legislation yes ☒ no ☐

Environmental statement can be supplied on request yes ☒ no ☐

Data on energy consumption and emissions to air, water and soil from the plant can be supplied on request yes ☒ no ☐

3 Distribution of finished product

Indicate where the product is manufactured: Swegon AB, Arvika, Sweden

Method of transportation applicable to the product: External: Mostly lorry, Internal: Electric driven truck

Material in packaging: Brown Cardboard

Company affiliated to the Swedish and the German recycling systems yes ☒ no ☐

Company applies a system using re-usable packaging yes ☐ no ☒

Company takes back packaging	yes <input type="checkbox"/>	no <input checked="" type="checkbox"/>
------------------------------	------------------------------	--

4 Construction phase

Documented instructions for installation and fitting are available for the product	yes <input checked="" type="checkbox"/>	no <input type="checkbox"/>
--	---	-----------------------------

Included in the documentation are requirements and recommendations for:

- safety measures to be used during handling and installation	yes <input checked="" type="checkbox"/>	no <input type="checkbox"/>
- handling the goods at the workplace	yes <input checked="" type="checkbox"/>	no <input type="checkbox"/>

5 Usage phase

The product requires a supply of energy for operation during its intended use (electricity, power fuel, etc.)	yes <input type="checkbox"/>	no <input checked="" type="checkbox"/>
---	------------------------------	--

The product requires chemicals for operation during its intended use (coolant, lubrication oil, etc.)	yes <input type="checkbox"/>	no <input checked="" type="checkbox"/>
---	------------------------------	--

Type of chemical:

The product produces a pollution load of emissions into air/water (external environment) during its intended use	yes <input type="checkbox"/>	no <input checked="" type="checkbox"/>
--	------------------------------	--

During normal maintenance, the product requires:

- consumable materials (type)	yes <input type="checkbox"/>	no <input checked="" type="checkbox"/>
-------------------------------	------------------------------	--

During normal maintenance, the product requires:

- chemicals (type)	yes <input type="checkbox"/>	no <input checked="" type="checkbox"/>
--------------------	------------------------------	--

Documented instructions are available for the operation and maintenance of the product	yes <input checked="" type="checkbox"/>	no <input type="checkbox"/>
--	---	-----------------------------

The estimated service life of the product, assuming that operation and maintenance are carried out in accordance with the manufacturer's instruction	25 years
--	----------

6 Demolition

The product has been prepared for environmentally adopted disassembly	yes <input checked="" type="checkbox"/>	no <input type="checkbox"/>
---	---	-----------------------------

Further information about disassembly: The product is re-usable or can be left to fragmentation and recycling.

7 Residual products

Refer to section 1, Constituent materials

8 Waste products

9 Indoor environment

A declaration concerning the indoor environment is attached to the building product declaration	yes <input type="checkbox"/>	no <input checked="" type="checkbox"/>
---	------------------------------	--
