# 6 Distribution of finished product

| Does the supplier put into practice a system for returning load carriers for the product?      | Not relevant | Yes     | 🛛 No |  |  |  |
|--|--------------|---------|------|--|--|--|
| Does the supplier put into practice any systems involving multi-use packaging for the product? | Not relevant | Yes     | 🖾 No |  |  |  |
| Does the supplier take back packaging for the product?   | Not relevant | Yes     | 🛛 No |  |  |  |
| Is the supplier affiliated to REPA?  | Not relevant | Xes Yes | 🗌 No |  |  |  |
| Other information: corresponding package recycling system in Finland, PYR                      |              |         |      |  |  |  |

### 7 Construction phase

| Are there any special requirements for the product during storage?                         | Not relevant | The Yes | 🗌 No | If "yes", please specify: |
|--|--------------|---------|------|---------------------------|
| Are there any special requirements for adjacent building products because of this product? | Not relevant | Yes     | 🗌 No | If "yes", please specify: |
| Other information:   |              |         |      |                           |

### 8 Usage phase

| Does the product involve any special requirements for intermediate goods regarding operation and maintenance?  |            |               | Xes Yes  | 🗌 No        | If "yes", please specify: See<br>Instructions for installation, use<br>and maintenance |          |
|--|------------|---------------|----------|-------------|--|----------|
| Does the product have any special energy supply requirements for operation?  |            |               | Yes      | 🛛 No        | If "yes", please specify:  |          |
| Estimated technical service life for the product is to be entered according to one of the following options, a) or b):   |            |               |          |             |  |          |
| a) Reference service life<br>estimated as being approx.  | 5<br>years | ⊠ 10<br>years | 15 Jears | 25<br>years | $\square > 50$ years   | Comments |
| b) Reference service life estimated to be in the interval of years   |            |               |          |             |  |          |
| Other information: The reference life span is valid in "normal use" according to the product sheet which is valid during delivery. For special requirement see manual (spareparts as filters etc). |            |               |          |             |  |          |

#### 9 Demolition

| Is the product ready for disassembly (taking apart)?   | Not relevant | Tes Yes | No No | If "yes", please specify:   |
|--|--------------|---------|-------|---|
| Does the product require any special measures<br>to protect health and environment during<br>demolition/disassembly? | Not relevant | Xes Yes | 🗌 No  | If "yes", please specify:<br>according to WEEE<br>waste regulations |
| Other information:   |              |         |       |   |

#### 10 Waste management

| Is it possible to re-use all or parts of the product?   | Not relevant | Yes     | 🛛 No | If "yes", plea   | se specify:                              |  |
|---|--------------|---------|------|--|--|--|
| Is it possible to recycle materials for all or parts of the product?  | Not relevant | Xes Yes | 🗌 No | If "yes", plea<br>metals and<br>wool are the<br>recyclable n | se specify:<br>mineral<br>)<br>naterials |  |
| Is it possible to recycle energy for all or parts of the product?   | Not relevant | Yes Yes | 🗌 No | If "yes", plea plastics                                      | se specify:                              |  |
| Does the supplier have any restrictions and recommendations for re-use, materials or energy recycling or waste disposal?  | Not relevant | Yes     | 🛛 No | If "yes", plea   | se specify:                              |  |
| Enter the waste code for the supplied product   |              |         |      |  |  |  |
| Is the supplied product classed as hazardous wa   | ste?         |         |      | Yes  | No No                                    |  |
| If the chemical composition of the product differs after having been built in from that which it had at the time of delivery, meaning that another waste code is given to the finished <b>built in</b> product, then this should be entered here. If it is unchanged, the following details can be omitted. |              |         |      |  |  |  |
| Enter the waste code for the <b>built in</b> product 20 01 36   |              |         |      |  |  |  |
| Is the <b>built in</b> product classed as hazardous waste?  |              |         |      |  |  |  |
| Other information:  |              |         |      |  |  |  |

#### 11 Indoor environment (To add a new green row, select and copy an entire empty row and paste it in)

| When used as intended, the product gives off the following emissions: |   |           | $\boxtimes$ The product does not have any emissions |          |  |
|---|---|-----------|---|----------|--|
| Type of emission  | Quantity [µg/m <sup>2</sup> h] or [mg/m <sup>3</sup> h] | Method of |   | Comments |  |

Data in fields highlighted in green are requriements in compliance with the Ecocycle Council guidelines.

|   | 4 weeks | 26 weeks | measurement           |        |
|---|---------|----------|-----------------------|--------|
|   |         |          |                       |        |
|   |         |          |                       |        |
|   |         |          |                       |        |
|   |         |          |                       |        |
|   |         |          |                       |        |
| Can the product itself give rise to any noise?  |         |          | Not relevant          | Yes No |
| Value U   |         | Jnit     | Method of measurement |        |
| Can the product give rise to electrical fields? |         |          | Not relevant          | Yes No |
| Value U   |         | Jnit     | Method of measurement |        |
| Can the product give rise to magnetic fields?   |         |          | Not relevant          | Yes No |
| Value Un  |         | Jnit     | Method of measurement |        |
| Other information:                              |         |          |                       |        |
